**Smart Access Technology
Designed for Safer, Smarter
Homes.**

About Home Automation

jiSecure is dedicated to transforming modern homes into smarter, safer, and more seamlessly connected living environments. We provide a comprehensive range of innovative smart home solutions, including advanced security systems with real-time alerts and remote monitoring, automated lighting, intelligent climate control, and smart energy management. Each solution is thoughtfully designed to simplify everyday routines, enhance comfort, and improve overall efficiency.

Our technology adapts to your lifestyle, learning your preferences to deliver personalized automation and effortless control. Through intuitive, user-friendly applications, you can monitor and manage your home anytime, from anywhere—whether you are at home, at work, or traveling.

At jiSecure, we combine cutting-edge innovation with reliability and elegant design to create secure, energy-efficient, and future-ready homes. Our mission is to provide lasting peace of mind while helping families enjoy greater convenience, safety, sustainability, and complete control over their connected living spaces.

we are committed to delivering exceptional customer support and seamless integration tailored to each home's unique needs. From consultation and professional installation to ongoing maintenance and upgrades, our team ensures every system performs flawlessly, empowering homeowners with dependable technology that evolves alongside their changing lifestyles.

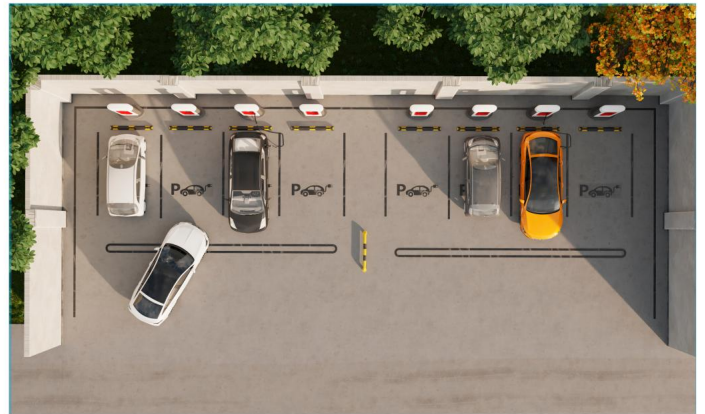

We Provide Smart Solutions

We bring the future of connectivity to life with advanced IoT-based smart solutions designed to transform the way people interact with their environments. Our innovative systems seamlessly integrate devices across homes, offices, and cities, creating intelligent ecosystems that enhance automation, efficiency, and control. By enabling real-time monitoring, data-driven insights, and centralized management, we make everyday spaces smarter, more sustainable, secure, and easier to manage for businesses and communities alike.

Smart Home Solutions

Smart home solutions connect devices through IoT for seamless control, security, comfort, and efficiency enhanced.

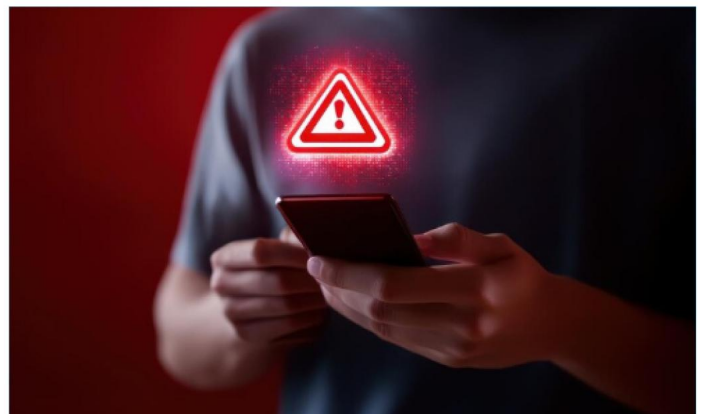

Smart City Solutions

Smart city solutions use IoT to improve infrastructure, safety, efficiency, and remote management.

Smart Office Solutions

Smart office solutions use IoT for efficient control, security, comfort, and productivity.

Smart Industry Solutions

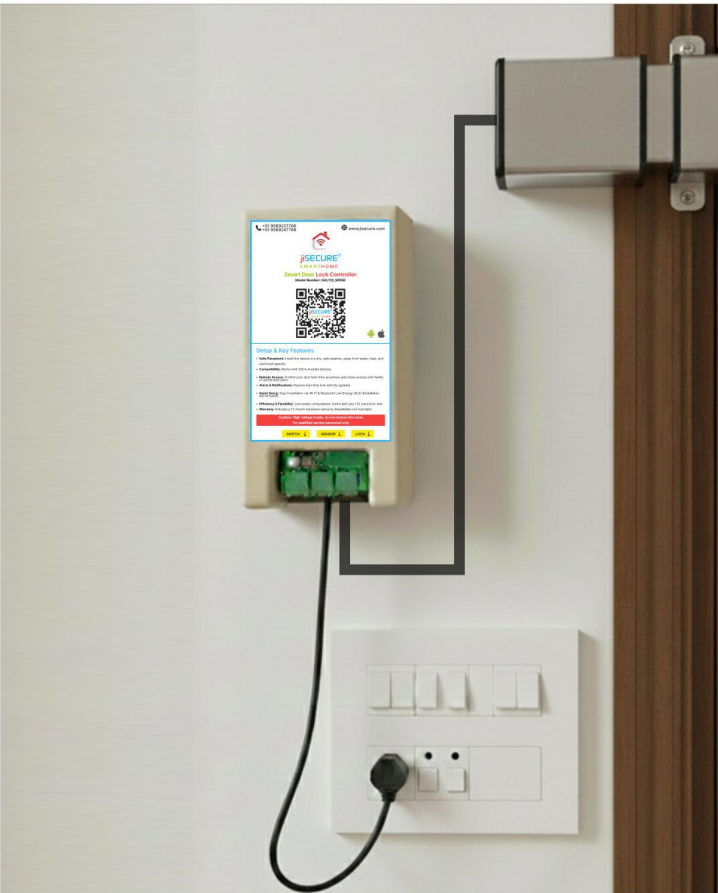

Smart industry solutions use IoT to optimize operations, security, efficiency, and remote monitoring.

Smart Door Lock Controller

- ✓ Lock/unlock via the mobile app (Android & iOS).
- ✓ Reliable connection for easy control.
- ✓ Works with any electronic lock.
- ✓ Option to lock/unlock manually.
- ✓ Boosts door security instantly.
- ✓ Convert your regular Electric lock to a smart system.

Model Number:
SHL110_WRSB

Input: 110-240V

₹2,299.00

Specifications

Brand	jiSECURE
Output	DC 12V, 2.5A
Manufacturer	jiWeb Technologies LLP
Power	30W
Item Dimensions LxWxH	150 x 75 x 40 mm
Operating Temperature	-20°C ~ 70°C
Material Type	Plastic
Wireless Standard	Wi-Fi 2.4GHz (b/g/n) + BLE
Warranty	1 Year
Country of Origin	Country of Origin India
Included Components	Smart Door Lock Controller

Smart Door Lock Controller

- ✓ Unlock remotely via the jiSECURE app (iOS & Android).
- ✓ Remote Control & Monitoring
- ✓ Remote Unlock: Grant access from anywhere.
- ✓ Instant alerts for forced or unauthorized access
- ✓ Durable, powder-coated MS construction.
- ✓ Easy remote control & monitoring.

Model Number:
SHL100_W2RS

Input: 12V

₹1,100.00

Specifications

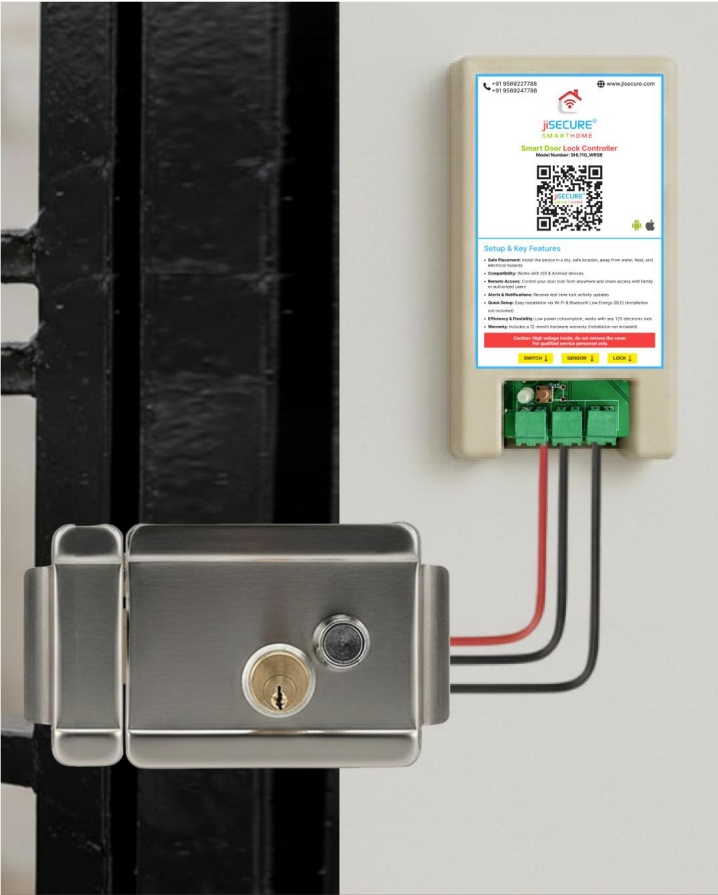

Brand	jiSECURE
Output	12V DC
Manufacturer	jiWeb Technologies LLP
Connectivity	WiFi (2.4GHz) & Bluetooth (BLE)
Item Dimensions LxWxH	15 x 8 x 3 cm
Country of Origin	Country of Origin India
Indicators	WiFi Status LED
Warranty	1 Year
Items Weight	150 g
Mounting Type	PCB Mount

Smart Lock Controller with Electronic Lock

- ✓ Remote unlocking via jiSECURE app.
- ✓ Grant access from anywhere instantly.
- ✓ Alerts for tampering or openings.
- ✓ Easy, DIY setup—no pro needed.
- ✓ Enhance protection with jiSECURE controller.
- ✓ Control via WiFi or Bluetooth.

Model Number:
SHL110_WRSB_RL

Input: 12V

₹3,799.00

Specifications

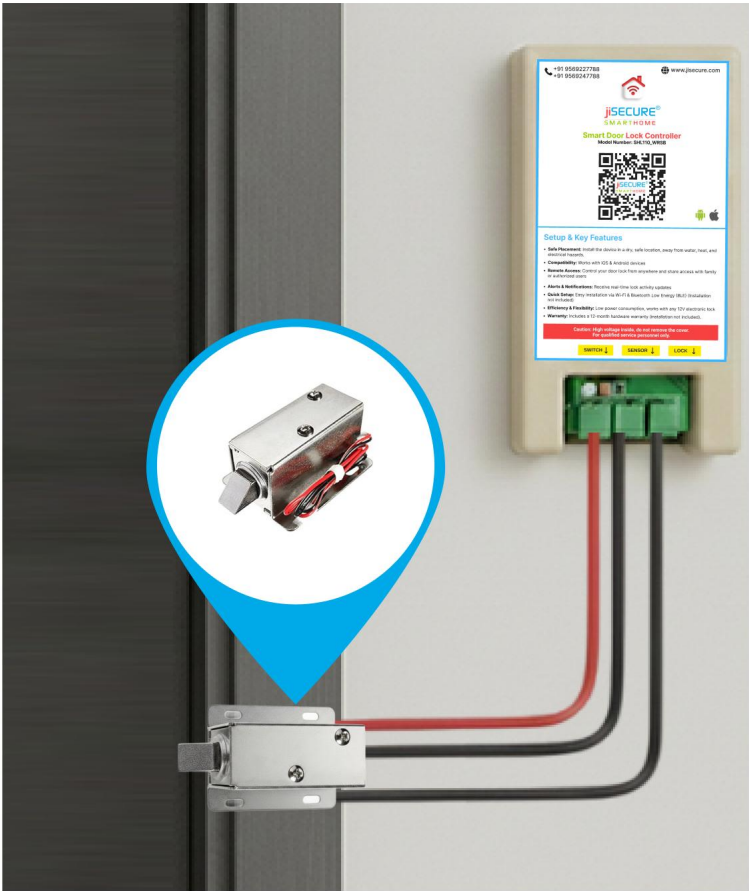

Brand	jiSECURE
Output	DC 12V, 2.5A
Manufacturer	jiWeb Technologies LLP
Power	30W
Item Dimensions LxWxH	150 x 75 x 40 mm
Operating Temperature	-20°C ~ 70°C
Material Type	Plastic
Wireless Standard	Wi-Fi 2.4GHz (b/g/n) + BLE
Warranty	1 Year
Included Components	Smart Home Controller Circuit Board

Smart Lock Controller with Solenoid Electronic Lock

- ✓ Remote unlocking via jiSECURE app.
- ✓ Grant access from anywhere instantly.
- ✓ Alerts for tampering or openings.
- ✓ Easy, DIY setup—no pro needed.
- ✓ Enhance protection with jiSECURE controller.
- ✓ Control via WiFi or Bluetooth.

Model Number:
SHL110_WRSB_SL

The image shows the jiSECURE Smart Door Lock Controller, a beige rectangular device with a blue display screen. The screen displays the jiSECURE logo, a QR code, and the model number SHL110_WRSB. Below the screen are three green terminal blocks labeled SWITCH, SENSOR, and LOCK. To the right of the controller is a silver solenoid electronic lock with red and black wires. A black power cord is also visible.

Input: 12V

₹2,749.00

A QR code with the 'elemart' logo in the center, located at the bottom right of the price box.

Specifications

Brand	jiSECURE

Controller Type	Android, iOS

jiSECURE Smart Parking

- ✓ Automated vehicle check-in and check-out system
- ✓ Smart boom barrier automatic entry control
- ✓ Real-time parking space and pricing display
- ✓ Contactless secure digital and cash payments
- ✓ Smart mobile app with notifications

Model Number:
SCP100_W2R2RF2SB

Input: 110-220V

₹42,000.00

Specifications

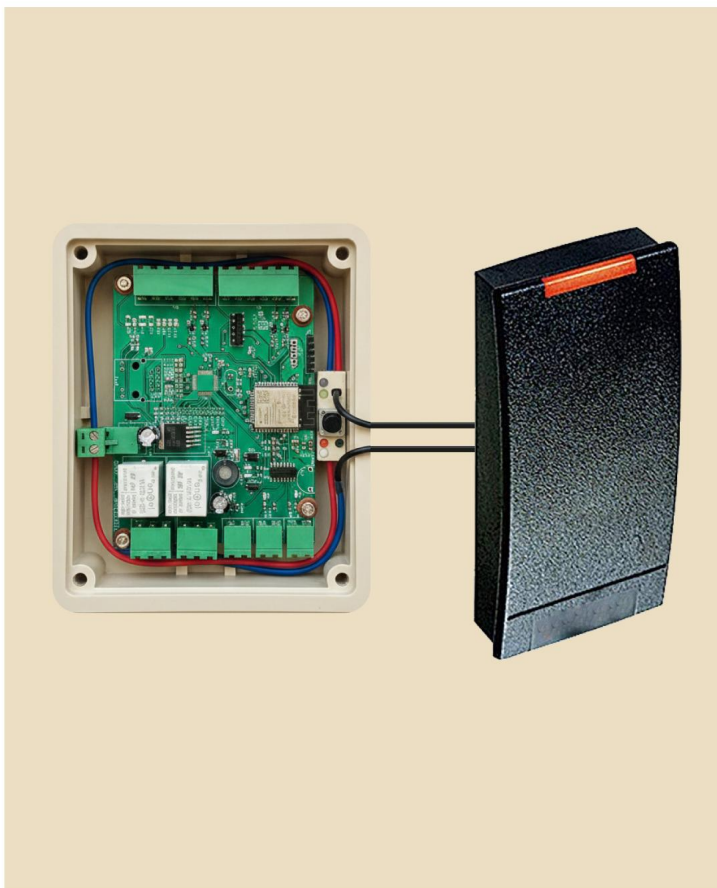

System Type	IoT-Enabled Smart Parking Management
Detection Tech	RF card + Real-Time Occupancy Monitoring
Connectivity	Cloud-Based Monitoring & Management
Payment	Digital, Cashless Integration
User Access	Contactless Entry/Exit via RF Id
Mobile Apps	High Data Protection Standards
Target Deployments	Commercial, Residential & Smart City Parking
Country of Origin	India

Smart XS Control System

- ✓ Employees punch in out using RFID cards
- ✓ Real-time attendance tracking updates data instantly
- ✓ Employee onboarding allows role and permission assignment
- ✓ Sub-admin manager panel manages team attendance separately
- ✓ Generate comprehensive reports for HR and payroll

Model Number:
XS100_W2R2RF2SB

Input: 12V

₹16,000.00

Specifications

Authentication Methods	RFID Card
Remote Control	Cloud Dashboard for Anywhere Access
Monitoring	Real-Time Alerts, Live Event Tracking
Logging & Reporting	Detailed Automated Logs
User Management	Role-Based Permissions
Scalability	Suitable for Single & Multi-Site Deployment
Security	Encrypted Data & Threat Protection
Country of Origin	India

Solenoid Electronic Lock

- ✓ Operates on 12V DC power supply
- ✓ Electromechanical solenoid mechanism for locking and unlocking
- ✓ Fast response time with instant actuation
- ✓ Provides secure and reliable locking
- ✓ Suitable for electronic access control systems
- ✓ Low power consumption during operation

Model Number:
SHSL110

Input: 12V

₹450.00

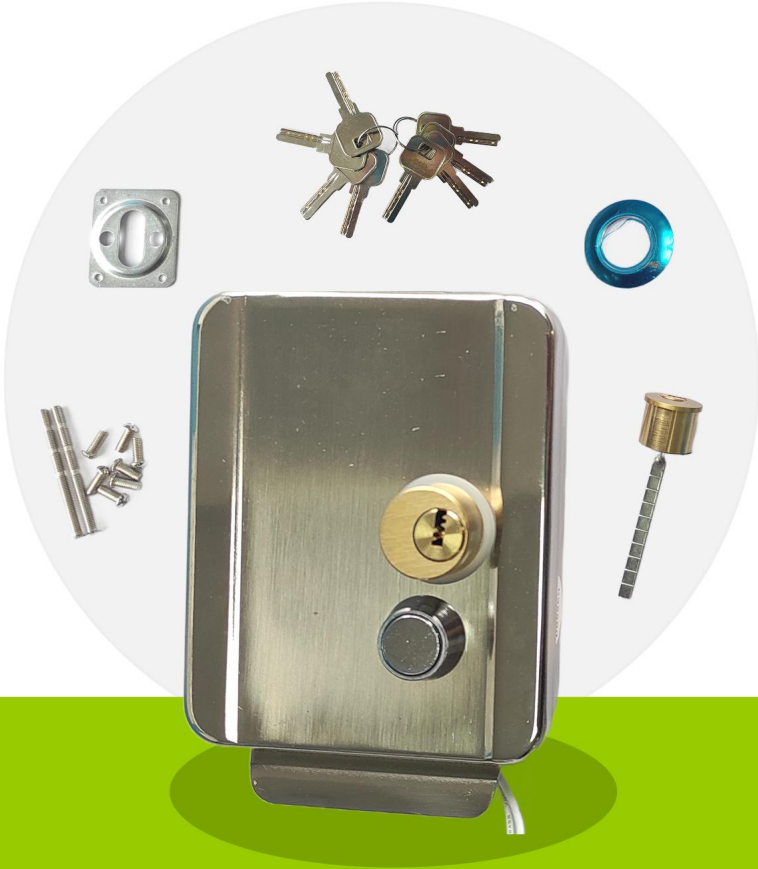

Specifications

Control Method	Android, iOS
Included Components	Electric lock assembly solenoid
Product Dimensions	5 x 3 x 3 cm
Material	Metal
Country of Origin	India
Warranty	1 Year
Special Feature	Anti theft
Controller Type	Android, iOS

Electronic Rim Lock

- ✓ Operates on 12V DC power supply
- ✓ Electrically operated with 8-key mechanical override
- ✓ Provides secure locking and controlled access
- ✓ Suitable for doors, cabinets, lockers, and access control systems
- ✓ Durable and compact design for easy installation

Model Number:
SHRL110

Input: 12V

₹1,400.00

Specifications

Control Method	App, Remote
Shape	Rectangular
Product Dimensions	17 x 8 x 10.5 cm
Material	Stainless Steel
Country of Origin	India
Warranty	1 Year
Item Weight	1.6 Kilograms
Included Components	8 Computerized Keys, Door Lock
Special Feature	Anti-Corrosion, Scratch-Resistant
